Participant	Additional Remarks
Frank Drew	Overwhelming at points where it seems there were a lot to assimilate and then have to try to deliver it naturally. The last day practicum was like a string that pulled all the pieces together and tied up the loose ends. At that point the total of all the parts seemed far less daunting and far simple as an entire process.
Bill Knight	Brilliant! Secondary benefits "team-building"
Rich Hudson	Life changing stuff that has made me a better employee, father and friend.
David Prosser	Wai K is an incredibly talented individual on so many fronts. A privilege to meet Wai K and to be exposed to his skills.
Mark Ellis	Great to have the opportunity; grown as a person; gained confidence; great bonding with team-mates; can make a difference in our business; just a tip of the iceberg; journey just started.
Lyn	It is the best session I had in my professional career. This course helps me not only in my professional life but also personally. Thanks Wai K
Rowan Searle	Extremely useful training that can be immediately used in the workplace to improve results.
Andrew Phillips	Wai K is a natural coach with a huge ability to facilitate, encourage and develop the participants to a successful understanding of the coaching topics. The true measure of a facilitator's is how well the participants understand and demonstrate the teachings and it is obvious that this has been achieved in the way the participants coach. Awesome stuff Wai K. BRILLIANT WORK!
Peter Ling	Many thanks, Wai K, for your patience, guidance and support towards myself and the FF Asia Executive Team. Ever since we started, about 5 ½ months ago and 8 training days in total, I personally have seen myself grown as a Coach. The program has opened my eyes towards many opportunities and possibilities. I am also impressed at your ability to train and engaged all of us continuously. I do know we are not an easy Group, as we comprises of many Nationalities, background and personalities (and many strong ones). Congratulation to you, Wai K, and your coaching ability is amazing!
